Code Dx Named Finalist in Info Security Product Guide's 12th Annual 2016 Global Excellence Awards

NORTHPORT, N.Y. – February 22, 2016 – Code Dx, Inc., a provider of an award-winning suite of fast and affordable tools that help software developers, testers and security analysts find, prioritize and manage software vulnerabilities, today announced that it has been named as a finalist for the **Info Security Product Guide's** 12th Annual 2016 Global Excellence Awards in the "Startup of the Year" category.

Info Security Products Guide, the industry's leading information research and advisory guide, will honor the winners in San Francisco on February 29, 2016 during an annual awards dinner and presentation. These prestigious global awards recognize security and IT vendors with advanced, groundbreaking products and solutions that are helping set the bar higher for others in all areas of security and technologies.

"We are proud to be recognized as an up-and-coming industry player in the cybersecurity market," said **Anita D'Amico**, CEO for Code Dx. "In just the one short year since we were founded, we have gone from a product idea to a successful company offering multiple software vulnerability management solutions used by organizations of all shapes and sizes to protect software from malicious attacks. Being recognized as a finalist by the Info Security Product Guide validates our innovative technology and drive to disrupt the market with novel software that fills a gaping hole in the application security testing space."
